

Rock Valley College

RVC Board Policy 4:20.120

Career Agreement

The College participates in the Comprehensive Agreement Regarding the Expansion of Educational Resources ("CAREER Agreement"), a cooperative agreement between twenty-eight Illinois institutions of higher education which allow in-district students from a sending institution to attend a receiving institution for in-district tuition rates in order to complete a certificate or degree that the sending institution does not offer. The receiving institution collects tuition and fees and has the right to claim apportionment from the state for such students.

The College may additionally participate in other such cooperative agreements outside of the CAREER Agreement.
